

ST-800 Headphones

A Superior Listening Experience

The TDK Life on Record High Fidelity Headphones deliver a truly personal listening experience. On-ear volume and mute controls give you the ability to dynamically control the audio output while high performance 50mm drivers ensure amazing sound clarity and range.

An in-line equalizer integrated into the cable delivers a stunning music visual while giving you the ability to adjust bass/treble levels to your preference. Superior materials and craftsmanship make these headphones look as good as they sound.

Tuned by our Audio Research Lab to deliver an authentic sound, from extended bass through the mid range, to enhanced treble.

Listen to music the way it was intended.

FEATURES & BENEFITS

In-line equalizer with visible display lets you adjust bass and treble levels separately

On-ear volume and mute controls are always within your reach

High-performance 50 mm drivers deliver amazing clarity and range for any kind of music

Superior materials and craftsmanship make these headphones look as good as they sound

3,6 m extension cable lets you relax across the room from your system.
